Before he could react, Sans was being held up by the collar of his shirt.

Half of Frisk's Face was covered in black. the mouth and eye on that side were gleaming red.

"It's too late for good to win!"

Sans blacked out.

When he woke up, He realized He couldn't feel the left side of his face. He ran his hand along it, His face was cracked.

"I'm the Human." Frisk Said smugly. "And if you want your brother and the whole underground to survive, you're going to play nice."

.....

Up on the surface, Frisk's friend, Malory, was getting scared.

Malory was blind, but she could see the outline of people. Some people were only very dark shades of grey, while some were bright colors, like Frisk. Frisk was a brilliant red.

One day, Malory decided to go after Frisk herself. She ran up the path to Mt. Ebott. She saw bright red footprints leading up to the top. Malory followed them.

.....

Meanwhile, The Human had crowned themselves as the ruler of the underground. They made the law literally kill or be killed. They trapped the main characters and recruited the temmies as the royal guard that enforced the rule without mercy. The kingdom fell into chaos. But there were many that rebelled against the Human. You'll learn about them later.

.....

Malory ran into the cave and fell right into the hole.

Unfortunately, the flowers that had caught Frisk were now withered and dead. They barely kept Malory from hurting anything too bad. She quickly got up, she realized that she could see almost everything in the underground. She ran forward, But for some reason, Frisk's footprints had disappeared. She ran into Flowey's room. Bob lay highly wounded on the floor. Bob the Temmie, one of the main fighters against the Human.

(continue this! by the way, Bob dies in the fight at the end! :D)
